English Language Vocabulary Development for EL Parents

4th & 5th Grade ELLs, WEEK #2

By Dr. E.C. Quitano

PART 1: INFORMATION & INSTRUCTION

With your assistance, the following puzzle is provided to help your English Learner (EL) continue to develop their English vocabulary as they relate to the local book written by Dr. Laura Souder entitled “Kiko’s Adventure on the Magic Flying Proa.” All ELLs have already read several pages of this book, and have engaged in discussions about specific details and facts. This lesson is also used to satisfy a portion of my *Professional Teacher Evaluation Program* (PTEP) requirements.

Your ELL child already understands the following terms:

Kiko	Latte Stone	Guam
Flying Proa	Tumon	Outrigger Canoe
Auntie Lo	Ancient Chamorro	Ancestors

PART 2: CONTENT
